We offer a full range of course and activity programmes depending on the size of the group, their age and interests. Our School Group prices are very competitive and we can make you an attractive offer for groups starting from as little as 10 students!

Several of our School Group students claim that their school trip to Alpha School was the best experience of their lives! At Alpha School we aim not just to deliver quality English language courses, but also to provide a fun and enriching experience in a safe environment which students will never forget.

We have groups that come for mini-stays (just 5 or 6 days), others come for 3 or 4 weeks. We guarantee we can offer you a tailor-made English Course + Activity/Sports programme that your group will be very satisfied with. Some groups opt for an intensive English course followed by afternoon activities, others prefer just 3 or 4 days of English lessons and more full day excursions.

All School Groups should be accompanied by at least one teacher or Group Leader. We offer free accommodation, airport transfers and excursions to one Group Leader with every group of 15 students. If Group Leaders would also like to follow an English course they are entitled to a 30% discount off our General English Course.

The English course is designed for young learners on a short programme. A maximum of 14 students in a class ensures that students will be given ample one-to-one attention. Our experienced and highly qualified teachers will provide students with all the necessary course materials to facilitate their learning. All students will have their lessons in our recently upgraded classrooms with interactive whiteboards. Wireless internet is also available throughout the school building.
