

English & Work Experience

English & Work Experience

This course is an ideal option for young adult students seeking to enter the working world. Our English & Work Experience Course combines English lessons with a work placement allowing you to practise your English skills in a real working environment. This course will provide you with invaluable work experience that will enhance your CV and future career prospects.

COURSE OUTLINE

We offer a programme which allows you to study English while making the most of a tailor-made, on-the-job experience which can last six weeks or more. Before you even arrive in Malta, we will have made all the arrangements for a work placement suited to your specific requirements, taking into consideration your professional specialisation, qualifications, work experience, level of English, age and duration of your stay. As soon as you enrol, you will be interviewed by the School or a representative of the company where you will be working. Please note all work experience is unpaid.

You can combine your work experience with any English course, whether General English, One-to-One, Business English, or indeed any tailor-made solution we can organise to fit your needs.

We can find you a work placement in any of the following areas:
