## Introduction

Choosing the right type of accommodation for your study holiday is as important as choosing the right course. Alpha School of English can offer you a wide range of accommodation based on your budget and individual requirements.

### Self-catering apartments

There is no doubt that an apartment offers privacy, comfort and space to enjoy your time with your family or friends whilst preparing your own meals.

### Hotels

Choosing a hotel has its benefits as it gives you the advantage of having more time on your hands whilst having your room cleaned and your breakfast and dinner lavishly prepared for you. Most hotels offer great facilities including swimming-pools, gyms and leisure areas.

### Homestay

The best way to gain an insight into our culture and traditions is to choose to stay with a local host family or opt to have home tuition where you will have home-cooked meals lovingly prepared by your host plus the added benefit of experiencing the Maltese lifestyle first-hand. Host families are ideal for teens. Most of our host families have worked with us for many years and take care of our students like their own children.

Whatever your choice, all our accommodation types are licenced by the Malta Tourism Authority and regularly inspected by our Accommodation Manager. They come highly recommended by past students, so no matter what your choice is, we are convinced that your stay will be up to your expectations.

### Travelling between the accommodation and the school and places of interest

Most accommodation is 5-10 minutes' walking distance from the school. Some accommodation is up to 20 minutes away. Many students, on arriving in the area, enjoy the walk through the local neighbourhood especially when most of the year we have sunny days but if you do not fancy the nice walk we can suggest bus routes.

The local area is a short walk to the nearest seaside and well supported by local bus transport to all parts of Malta for sightseeing and activities.
