INTRODUCTION

Alpha School provides one of the largest range of accommodation types of all the language schools in Malta.

Our students' feedback about each accommodation is valued to help us keep the quality and value for money as high as possible.

Most of the accommodation is located near the school making it easy for students to reach the school for lessons. However the Radisson Blu Resort & Spa Golden Sands Hotel is 15 minutes away by car.

Teen students may opt for accommodation with a Maltese host family whilst adult students may choose the School Guest House, a hotel or a self-catering apartment.

For their general safety and welfare, all unaccompanied junior students are matched to experienced host families in the vicinity of the school. Groups of junior students travelling with a teacher or group leader may also select from the range provided in this accommodation brochure

Students who book a self-catering apartment or Host Family must also book an arrival airport transfer to ensure safe arrival at accommodation.

ACCOMMODATION OPTIONS

Choosing the right type of accommodation?

Group type?	Alpha says...
Individual adults travelling alone or for business?	Choose Home tuition with a teacher, hotel or apartment!
Individual adults, families and small closed groups?	Choose a hotel or an apartment!
Children (aged 12 and under) accompanied by a parent or group leader	Choose a hotel or adjacent apartments!
Teens (aged 13-17) accompanied by a parent of group leader	Choose host families for the teens and hotel for the leaders or all stay in a hotel or apartments!
Teens (aged 13-17) unaccompanied	Choose host families

Choosing accommodation types?

Do you like to cook and enjoy a good after-dinner chat around the table? In a holiday apartment you have the possibility to sit down with your friends or your family to enjoy your own culinary creations made from local products that you've bought in the local market. In a home tuition or host family you'll often be eating real home cooking.

Have you gone on holiday wanting to stick to your own schedule and do what you want without anyone bothering you? If so then what you're looking for is an apartment. Nobody will bother you in those most unexpected moments and you'll feel as if you were in your own home.

Do you travel with family or friends? If it is your case, a holiday apartment is the best option. You'll share communal spaces with sofas, tables and chairs, and at the same time you'll have your own room and plenty of privacy. There is no doubt that an apartment offers more comfort and space.

Are you overwhelmed by small spaces? If you want to enjoy the charms of the place you're visiting and you'd like to rest between walks and outdoor activities, there's nothing better than a holiday apartment or host family or teachers home. If you're travelling with pets also, it's a much better option to get an apartment or holiday home

rather than a hotel room.

Do you know what's so great about having a kitchen in your holiday accommodation? It's not only the pleasure of buying and cooking the local products yourself, but the money you will save on restaurant bills. A large part of the budget of our holiday goes on eating in bars and restaurants. Don't let your pocket suffer and enjoy the trip without constraints!

Did you enjoy a visit to the local market but would prefer to buy a meal rather than prepare your own food? A hotel is your choice.

If you feel uncomfortable about having your space invaded by room service at odd hours, you'll know what we're talking about. You don't have to worry about the cleaning part, but since you're only going to be staying for a couple of nights you might not have to clean anyway.

Does the hustle and bustle in the corridors of hotels bother you? Many times it is due to groups of friends or families that stay in different rooms, with the subsequent traffic that this creates. The isolation of staying in separate rooms makes hotels far from ideal for group travel.

How much importance do you give to rest? At the hotel, a comfortable bed awaits you and a TV with which you can escape and relax, but that's the end of it. Beyond the bed there is no more physical space or any possibilities for recreation.

Host families are ideal for teens, some independence but the safety of adult supervision. Our host families have worked with us for many years and take care of our students as their own children.

Travelling between the accommodation and the school and places of interest

Most accommodation is within 5-10 minutes walking from the school. Some accommodation is a bit further up to 20 minutes. This can seem a long way but we can suggest bus routes, but many students on arriving in the area, enjoy the walk through the local neighbourhood especially when most of the year we have sunny days.

The local area is a short walk to the nearest seaside and well supported by local bus transport to all parts of Malta for sightseeing and activities.
